⨆ BusHub

Guarantee for Quick Home.

BusHub is a novel bus booking platform app. We aim to offer each passenger off the plane a quick arrival at the destination.

ADVANTAGES

Safer We are an officially-run platform, and we are supervised by the government. All bus drivers are legally hired, and all passengers have to go through security check before they go aboard.
Cheaper We offer much lower fare than traditional airport buses, which saves the cost of your journey home.
Quicker BusHub has a powerful backstage, and always makes the best choice on route cycles.

USAGE

Destinations There are 50 destinations. You can browse them through the QR code.
Price & Schedule Different destinations have different fares, which are in positive correlation to their distance. Time intervals are not fixed, since it relates to arrivals of flights, but we can offer you an approximate time.
Download BusHub is available on both App Store and Google Play.

We wish you a pleasant journey!
